An Important Message from Father Haft

Greetings in the name of the Lord:

Thank you to everyone for making St. Antoninus a great parish. Our parish has a great history with a great future because we are a parish guided by faith in Jesus Christ. There is a lot for us to be excited about as a parish family. At present, we are quickly approaching our 75th anniversary. We have a great school with very good enrollment, and we have a number of faith and family opportunities that contribute to us being a vibrant parish. With that said, in every age, every parish experiences its share of challenges too. We have been operating at a deficit for the past number of years. This has caused us to cut into our cash reserves a number of times. We can no longer continue this practice. In response to this deficit, we are in the process of restructuring our parish office. Earlier this week, the Business Manager and Facilities Manager positions were eliminated. Our plan is to combine these two positions into one. This will allow us to be more fiscally responsible with the financial gifts of the people. More information will be forthcoming with a job description and hiring timeline.

Our highly talented and experienced Finance Council is working hard to be good stewards of the financial gifts of the people. Speaking of the financial gifts, we want to thank everyone for their generous gifts. Thank you for sacrificing for our parish of St. Antoninus. We also want to thank everyone for the countless hours of the gifts of time and talent. In giving thanks, we must always say Thank You to those who continuously give the gifts of prayer for our parish. As we move forward as a parish family please be assured of my prayers and please pray for me as your pastor.

Yours in Christ:

Rev. Ronald C. Haft
